

CITY OF SPRINGFIELD CITIZEN'S GUIDE TO

RECYCLING & DONATION LOCATIONS

Reduce, Reuse, Recycle—common terms, but what goes where?

The purpose of this guide is to help find the resources needed to turn your used items into material that can potentially be reused, repurposed, or recycled! While we strive to provide the most current, up-to-date information, markets are constantly changing. Always call prior to making the trip to one of the listed businesses or organizations. Rapidly adjusting recycling market conditions can create shifts in material needs and acceptance. Plus, it is always good to verify and discover any unlisted specifications, requirements or fees regarding materials and items.

If there is an item not listed, please call the Recycling Hotline at **417-864-1904**. We will do our best to either help locate a proper outlet for an item, or explain why certain items do not have a recycle/repurpose option. You can also go online and view our Recycling Database at **SPRINGFIELDMO.GOV/RECYCLING**.

Post Environmental Services
Contaminated and waxed also accepted.
Republic 732-5100

PLEASE CALL ALL ORGANIZATIONS TO VERIFY MATERIAL NEEDS, REQUIREMENTS AND FEES PRIOR TO VISIT

PAPER This is one of the most common and easiest recyclable items, yet it makes up the majority of what is disposed of in the landfill. Books, newspaper, magazines, cereal boxes, toilet paper tubes, junk mail, and file folders are all common paper items that can be recycled. Do not recycle paper with foil, glitter, plastic or wax lining and metal clips or bindings.

ELECTRONICS & BATTERIES
It's electric! Think of those items you find at the retail store in the same section. So, if it's an accessory, battery, or plug-in device, then you will find it located here. You won't find appliances here, they are in Household Items!

TIRES Recycling & Disposal

Several options are available. The Landfill accepts tires cut into thirds (the tread and two side walls). Tires may also be cut into three pieces like a pie or cut in half on the circumference (like a bagel). Shredded or chipped tires are also accepted. Several local retailers accept used tires. Fees apply.

Big O Tires

Call before drop-off if there are 10 or more.

THE SYSTEM & YOU ISWMS IS MORE THAN A BUNCH OF LETTERS.

The City of Springfield Department of Environmental Services Solid Waste Division integrates various programs and services to help manage and reduce Springfield's waste stream. Approved by voters in 1991, Springfield's Integrated Solid Waste Management System includes the Springfield Noble Hill Sanitary Landfill, three recycling drop-off sites, a Yardwaste Recycling Center, Household Chemical Collection Center and education and market development programs. Curbside collection of trash and recyclables is provided by private, independent trash hauling companies. This environmentally sound and economically feasible system represents a long-term solution to preserve the natural resources of the region for present and future generations.

The Integrated Solid Waste Management System is funded primarily by revenue generated from disposal or "tipping" fees at the Sanitary Landfill. The sale of compost and mulch products, grants, honor system fees and donations also contribute to funding the System.
